TOWN WARRANT

To the Inhabitants of the Town of Allenstown in the County of Merrimack in said State, qualified to vote in Town Affairs:

[L. S.]

You are hereby notified to meet at the Fire Station in said Allenstown on Tuesday, the 9th day of March, next at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To hear and act upon the report of the Town Budget Committee.
4. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.
5. To see if the Town will vote to give a two percent discount on all 1943 taxes paid on or before July first 1943.
6. To see if the Town will vote to petition the State Tax Commission to have an audit made by the division of municipal accounting and to make an appropriation to cover the expense of such audit.
7. To see if the Town will vote to raise and appropriate the sum of Three Hundred (\$300.00) Dollars for continuing the control of white pine blister rust in co-operation with the State Forestry and Recreation Department thereby receiving the usual State aid.

8. To see what action the Town will take in regard to the street lights and appropriate money for any change.

9. (By Petition) To see if the Town will vote to raise the pay of the laborers employed by said Town from 40c per hour to 60c per hour to offset the advance in living costs.

10. (By Petition) To see if the Town will vote to raise and appropriate the sum of \$500.00 to finish the sidewalk on Granite Street from High Street to Main Street on the northern side of the Street.

11. (By Petition) To see if the Town will vote to elect a road agent in districts 2 and 3 to take effect upon passage.

12. To hear the reports of auditors, agents, committees or officers heretofore chosen and to pass any vote relating thereto.

13. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 20th day of February, in the year of our Lord nineteen hundred and forty three.

R E P O R T

of an audit and examination
of the accounts
of the

TOWN OF ALLENSTOWN

made by

THE DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

February 16-19, 1943

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

Concord, New Hampshire

March 1, 1943

Board of Selectmen,
Allentown, New Hampshire

Gentlemen:

I submit herewith the report of an audit and examination of the accounts of the Town of Allentown, which has been made by the Division of Municipal Accounting of the State Tax Commission in accordance with the vote taken at your last annual meeting. This audit covers the fiscal year February 1, 1942 to January 31, 1943. Schedules as hereafter listed are included as part of the report.

SCOPE OF AUDIT

The audit and examination included the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk and the Trustees of Trust Funds.

FINANCES

A statement of Indebtedness, Valuation and Taxes, covering the period from January 31, 1935 to January 31, 1943, is included in Schedule A. A decrease in the Net Debt of the town of more than \$25,000 took place during this period.

A revision of the Balance Sheet as of January 31, 1942 is made in Schedule C. Asset items affected by this change were uncollected and unredeemed taxes on account of the levy of 1939. The Liability item changed was the account "Balance due School District and Dog Licenses". The amount originally reported was the total amount of dog licenses issued. The corrected figure is the actual amount which was due the School District, that is — amount of dog licenses issued less the amount paid for damage by dogs.

The comparative balance sheets for January 31, 1942 and January 31, 1943, presented in Schedule D, indicate a reduction of Net Debt during the last fiscal year of \$4,711.44.

Comparative statements of appropriations and expenditures and estimated and actual revenues for the fiscal year ended January 31, 1943, are presented in Schedules E and E-1, respectively. A net unexpended balance of appropriations of \$3,995.92 and a net excess of actual over estimated revenues of \$694.91, resulted in a net budget surplus for the year of \$4,690.83

ACCOUNTS OF SELECTMEN AND TREASURER

Vouchers issued by the Selectmen were examined as were also the supporting invoices and highway agent's payrolls. All orders issued by the Selectmen and countersigned by the Treasurer, were compared with the vouchers and found to be in agreement. The receipts of the Treasurer were checked by source, insofar as it was possible to do so and totals of receipts and expenditures were verified. The Treasurer's cash book balance, as of January 31, 1943, was reconciled with the balance in the Suncook Bank as of February 3, 1943.

TAXES

Tax sale accounts and tax warrants were examined and audited. The tax warrant of 1942 was verified. Verification notices will be mailed to taxpayers appearing as delinquent on the Collector's list. It is recommended that the Tax Collector secure a cash book in which to record all collections as received.

TOWN CLERK

The motor vehicle permits and dog licenses issued by the Clerk were examined. All funds received from these sources were properly accounted for through remittances to the Treasurer or cash on hand.

The Clerk has made it a practice to deduct 10% of all dog licenses issued for his fees. This is in excess of the amount allowed by law. Section 12, Chapter 180 of the Revised Laws, reads as follows: "Disposal of

Fees. Clerks of towns and cities shall issue said licenses, receive the money therefor and pay the same into the treasuries of their respective towns and cities on or before June first of each year, retaining to their own use twenty cents for each license; and shall return therewith a sworn statement of the amount of moneys thus received and paid over by them."

TRUST FUNDS

The accounts of the Trustees of Trust Funds, were examined and all securities accounted for. The Trustees should furnish a surety bond as required by law.

GENERAL COMMENTS

The accounts and records of all town officers were found to be in good order and the accounting procedure generally conformed to the uniform system prescribed by this Division. We extend our thanks to them for the assistance rendered and information furnished during the course of the audit.

Yours very truly,

HAROLD G. FOWLER,

Director

Division of Municipal Accounting
State Tax Commission.

HERBERT E. HUNT,

ROGER S. MORRILL,

Accountants.

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire

March 1, 1943

Certificate of Audit

This is to certify that we have audited accounts and records of the Board of Selectmen, Town Treasurer, Tax Collector, Town Clerk and the Trustees of Trust Funds of the Town of Allentown for the fiscal year ended January 31, 1943, and found them to be correctly cast and properly vouched.

The report submitted herewith in the form of Schedules reflects, to the best of our knowledge and belief, the true financial condition of the Town of Allentown as of January 31, 1943.

Respectfully submitted,

HAROLD G. FOWLER,
Director
Division of Municipal Accounting
State Tax Commission.

HERBERT E. HUNT,
ROGER S. MORRILL,
Accountants.

CIVILIAN DEFENSE COMMITTEE

At the request of the State Civilian Defense Committee, the Selectmen of Allentown and Pembroke met together with the undersigned and discussed plans for the organization of a civilian defense committee. During this meeting, it was agreed due to lack of finances that all workers should serve without compensation. It was further agreed that one committee could best serve the public interests for both towns, and that the existing public services of the two towns should be united and work together with their personnel and equipment for the mutual protection of both towns, sharing equally the necessary expense for material and supplies. Chairmen were appointed to assume the duties pertaining to the various necessary committees, and we are pleased to report excellent cooperation on the part of the various chairmen and members of the Civilian Defense groups. From the very beginning, it was conceded that our community did not need to meet all the complicated requirements as proposed by the U. S. Civilian Defense Office for the larger cities. Consequently, our group has in a measure planned a program which we feel meets the needs of our community, and at the same time will function with the Warning Center and the State Civilian Defense Committee.

A temporary report center was established in the community house which proved unsatisfactory, so that our permanent center was later set up in the basement of the Pembroke Fire Station. Here, telephone connections are maintained with the Civilian Defense Warning Center and, through volunteer personnel, this center is manned and equipped to send a warning at any hour of the day or night.

A medical center has been set up and equipped in the Allentown Grammar School. Air raid wardens have been instructed in their duties and assigned the areas they are to patrol. Auxiliary police and firemen have been named and trained in both towns. Red Cross and first aid workers have been enrolled and trained. Demolition squads have been organized and are completely equipped and trained to cope with any unusual

hazards. Evacuation committees are ready at a moment's notice to feed or house persons left homeless. In brief, all necessary steps have been taken to protect you and your families in event of an unexpected disaster. To provide better protection, we need your help, as many of our original volunteers have left to enter the armed forces. Please register with Mr. Robert Lockhart, Personnel Director or with Mr. John Lynch, Air Raid Warden, and you will be assigned to some part in our defense work.

We take this opportunity to thank all the chairmen and members of our groups who have given so freely and cheerfully of their time to effect our organization.

CIVILIAN DEFENSE COMMITTEE
HARRY K. ROGERS, Chairman.

FOREST FIRE WARDEN'S REPORT

As the tempo of America's war effort mounts, demands upon its citizens for service become more numerous and exacting. To some comes the call to arms; others to public service and still others to defense industries and organizations. No one can possibly escape if he would. All must bear a proportionate share of the burden and the sacrifice. Strong first line fronts on land, sea and in the air are needed and can be developed and maintained only if there is unity of purpose and common determination behind the home front.

As men are drawn into service the burden of carrying on rests more heavily upon those forced to remain at home. Here, team work becomes increasingly important because of constantly diminishing manpower. A general breakdown in essential local activities and law observance can only be prevented by whole hearted cooperation between citizens and leaders.

There is no field of endeavor where cooperation and compliance with law and regulation are more needed than that of forest fire control. The most effective and economical effort in this field of activity is that of prevention. The old adage "an ounce of prevention" being "worth a pound of cure" was never more aptly applied than to forest fire control.

The forest fire warden is, by law, the designated local leader in forest fire matters. He exercises his prerogatives and discharges his duties as such under the direction of the State Forester. There was never a time when the warden needed each citizen's good will and cooperation more than he does now. With manpower waning, fire prevention, through efficient preparation, care with fire and compliance with necessary regulations become a vital duty of citizenship.

For years efforts have been made to improve the usual bad Spring and Fall fire record. It was not until this year, however, that this problem was, to a great extent solved when permit burning was more rigidly restricted. Forest fire wardens were instructed not to issue permits except on rainy days. This plan worked

out so well it has been decided to make it the established policy governing legal burning.

Everyone is well acquainted with the several civilian defense groups. Many of our fellow townsmen are serving in one or other of them. It is only recently, however, that the Office of Civilian Defense, recognizing the threat forest fires are to our timber facilities and resources and the possible disruption of war activities in critical areas, established the "Forest Fire Fighters Service". Its purpose is to provide fire fighters, equipped and trained, to strengthen the hand of the local forest fire warden; to acquaint the people in the area with their responsibility in fire prevention and suppression and to provide an opportunity for people in and near forested areas to participate in the war effort. The State Forester is the State Coordinator; the District Fire Chiefs are District Coordinators and the Warden is the Local Coordinator. The Forest Fire Fighters Service personnel will be registered under the direction of the Office of Civilian Defense; it will be trained by the local warden and his assistants, aided by the District Chief. Individual citizens are urged to join this service group by applying to their local forest fire warden. By becoming a part of this organization locally, individuals can contribute their share toward the protection of our forest resources which are so vital to the war job.

During this critical period it is more than ever the part of good and prudent citizenship to remember

1. That permission to burn in or near woodland or where fire may be communicated to woodland must be secured from the forest fire warden when the ground is not covered with snow.
2. To be careful when smoking in or near the woods and not to throw lighted cigars, cigarettes or matches from moving vehicles.
3. To notify your local warden promptly of any fires you see.
4. That fire prevention is the best and cheapest fire insurance.

5. To be fire-minded; be careful; be cooperative and thus help your warden prevent forest fires. This is patriotism at work.

The 1942 fire record for our town follows:

Number of fires	1
Acreage burned	5
Cost of Suppression	\$40.95
Number of permits issued	1

ESDRAS LAVALLEE,
Forest Fire Warden.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Allenstown:

Due to the immediate demands of defense activities the Superintendent's ninth annual report is brief.

Your teachers, assisted by an able corps of private school teachers and volunteer citizens, are engaged for the fifth time during the past twelve months in registering the population for the rationing of fuels and foods.

The report of your enumeration officer for September, 1942, shows 48 pupils enrolled in the public school. The total of 395 were reported in the parochial school. Of this number 205 came from other towns. Four local children were attending elementary schools in other towns and 40 pupils were enrolled in Pembroke Academy. Thus a total of 282 local children was accounted for in school.

The reduced enrollment in the Allenstown Grammar School has made it possible to operate with two full-time and two part-time teachers, one part-time teacher being the music supervisor.

Upon the resignation of former principal, Mr. Richard H. Erwin, to accept a position in the Goffstown schools, Mrs. Edna P. Benware was made principal of your Allenstown school and teacher of grades five to eight inclusive. It was also necessary to place Miss Janet Mitchell, the primary teacher, in charge of four grades. On two mornings a week Mrs. Eleanor H. Bailey teaches the four upper grades, while the principal instructs the domestic science and other special classes. By special arrangement, instruction in manual training for boys and physical education for boys and girls of grades seven and eight are given by the Pembroke Grammar School.

Your children are more fortunate than those of many schools where the discontinuance of lunch room workers, paid by the Works Progress Administration, has necessitated the abandonment of hot lunches. The continuance of the school lunch service under Mrs. Morency is an aid to the health and school efficiency of the pupils. Since the war has revealed in our youth, both men and women, the lack of proper and adequate nutrition, it is anticipated that new government agencies,

similar to the community service formerly provided by the Works Progress Administration, may soon be available. To obtain such nutritional service a local appropriation for school lunches should be made by the school district.

The frequent going and coming of defense workers and members of the armed forces add to the danger from communicable diseases among school children. For this reason the services of school nurses everywhere have become increasingly valuable. During the last year 24 cases of communicable diseases were reported by your school nurse. Physical defects corrected included 30 in the public school and 173 in the parochial school. A total of 180 children received complete dental care through the clinic service conducted by Dr. Mayo and sponsored by the local Red Cross.

So far more than three tons of scrap metal, rubber, rags, and hemp rope have been collected for defense purposes by the pupils of the Allentown Grammar School. This represents an average contribution of more than 125 pounds per pupil. To the close of schools in June, the purchase by pupils of War Savings Stamps and Bonds exceeded one hundred nine dollars.

Music and enjoyment, one of the four aims of this instruction, was demonstrated by the pupils of all grades in your May festival conducted at the Allentown school. It is hoped that restricted transportation will not forbid a similar activity at the close of the present year. Without the assistance of parents and other citizens, community programs of this nature would fail of their objectives.

To all school officials and other citizen assistants, who by their services in rationing centers, by their individual and collective support of child nutrition, and who by other cooperation in maintaining the efficiency of your schools are contributing to the national defense, there is here expressed the deep appreciation and thanks of your Superintendent.

Respectfully submitted,

GEORGE H. HARMON,
Superintendent of Schools.

February 23, 1943.
